

## 2021 WATER & WASTEWATER RATES

Rates effective September 1, 2021 through Mar 31, 2022

The basic service charge for both water and Wastewater is affected by the water meter size. For all classes that include Wastewater, the water consumption is used to determine the appropriate Wastewater consumption charge. TCEQ fee is a fixed monthly charge of \$0.21 per connection to the public water system.

### Single Family Residential\*

#### 1,000-3,000 Gallons (Conservation Rates)

Meter Size (Inches)	Charges	1,000 gallons	2,000 gallons	3,000 gallons
<b>5/8" or 3/4"</b> Approximately 75% of Residential Households	Basic Water Charge (Water + Wastewater)	\$16.25	\$16.25	\$16.25
	Usage Charge (Water + Wastewater)	\$5.00	\$10.00	\$15.00
	<b>New Monthly Charge</b>	<b>\$21.25</b>	<b>\$26.25</b>	<b>\$31.25</b>
	<b>Old Monthly Charge</b>	<b>\$18.55</b>	<b>\$26.61</b>	<b>\$27.39</b>

#### 4,000-9,000 Gallons

Meter Size (Inches)	Charges	4,000 gallons	6,000 gallons	9,000 gallons
<b>5/8" or 3/4"</b> Approximately 75% of Residential Households	Basic Water Charge (Water + Wastewater)	\$16.25	\$16.25	\$16.25
	Usage Charge (Water + Wastewater)	\$44.50	\$76.50	\$132.00
	<b>New Monthly Charge</b>	<b>\$60.75</b>	<b>\$92.75</b>	<b>\$148.25</b>
	<b>Old Monthly Charge</b>	<b>\$57.15</b>	<b>\$83.00</b>	<b>\$127.37</b>

The average amount of water a typical Houston household uses each month (indoors & outside) is 4,880 gallons.
