

## 2021 WATER & WASEWATER RATES

Rates effective September 1, 2021 through Mar 31, 2022

### Lawn/Outdoor Meters:

No consumption is included with the basic charge. Volume charges are applied to all usage, but there are two rate tiers. The “defined quantity” marks the point where the tier changes, which is different for each meter size. Volumes up to the defined quantity are charged at the lower rate tier; volumes in excess of the defined quantity are charged at the higher rate tier.
